## Accessing Alliant

Agencies can access Alliant in two ways:

- 1. Direct Acquisitions:** Under this scenario the client agency is responsible for its own acquisition and program management activities. After the client agency contracting officer has completed the steps to become an OCO, he/she is authorized to issue, modify, administer and close Orders.
- 2. Assisted Acquisitions:** A requesting agency may elect to have GSA or another servicing agency provide full or partial acquisition program and/or project management services through the Order life cycle. See <http://www.gsa.gov/alliant> for contact information on GSA's Assisted Acquisition Service (AAS) centers. If an agency (requesting agency) uses GSA's AAS or another agency, then GSA or the other agency (servicing agency) will act as the OCO.
