NASA SEWP V
Solutions for Enterprise-Wide Procurement
National Aeronautics and Space Administration (NASA)
Government-Wide Acquisition Contract (GWAC)

Contract Number: NNG15SC21B / NNG15SC52B

SEWP is a multi-award Indefinite Delivery/Indefinite Quantity (IDIQ) Government Wide Acquisition Contract (GWAC) with a ceiling value of $20 billion per contract. It is administered by NASA but is available for use by all Federal Government agencies and their authorized subcontractors. The statutory authority allowing usage of the SEWP contracts by the entire Federal Government is NASA’s designation as an Executive Agent by OMB based on the Information Technology Management Reform Act (ITMRA) of 1996, now the Clinger Cohen Act. SEWP is a Firm Fixed priced Contract.

Scope of SEWP
Providing the latest in commercial Information Technology (IT) products, solutions, and services, the NASA SEWP contract vehicle has an outstanding track record of offering the latest technology solutions for the Federal Government. With the award of SEWP V, the scope has been expanded to include as-a-service offerings along with unlimited product engineering services. The SEWP contracts offer a vast selection and wide range of commercial advanced technology, including, desktops and servers, IT peripherals, network equipment, storage systems, security tools, software products, cloud based services, telecommunication, Health IT, video conferencing systems and other IT and Audio-Visual products along with product based services such as installation and maintenance.

Ordering

The internal ordering process of each agency varies. The process and accompanying forms for PR’s and DO’s that are issued against a SEWP contract is defined by the issuing agency and not the NASA SEWP Program Management Office (PMO). The NASA SEWP Program Management Office (PMO) does not issue DO’s - these must be issued through the issuing Agency’s procurement office. The SEWP Program Management Office (PMO) reviews, processes and tracks issued DOs and forwards them to the Contract Holder(s).
