NIH CIO-SP3
National Institutes of Health (NIH)
NIH Information Technology Acquisition and Assessment Center (NITAAC)
Chief Information Officer – Solutions and Partners 3 (CIO-SP3)
Contract Number: HHSN316201200051W

CIO-SP3 is a multiple award, Indefinite Delivery/Indefinite Quantity (IDIQ) Government-wide Acquisition Contract (GWAC) with a ceiling value of $20 billion that can be used by any federal civilian or DoD agency to fulfill a broad range of mission critical IT requirements. CIO-SP3 allows for all contract types (CPFF, CPAF, CS, T&M, Share in Savings and FFP) and the ability to award in modular increments and incorporate performance-based features. CIO-SP3 allows for streamlined planning, acquisition and deployment of large-scale IT program requirements. The period of performance on this contract expires on May 31, 2022; however the period of performance of a task order (TO) may extend up to 60 months beyond GWAC expiration.

The NITAAC program is part of NIH, designated by the OMB to serve as an Executive Agent for GWACs for Information Technology (IT) products, services and solutions. The contract is structured as an IDIQ contract, using TO’s for acquisition of specified services under the Federal Acquisition Regulation (FAR) 16.5.

ABOUT UNISYS
Unisys is a global information technology company that specializes in providing industry-focused solutions integrated with leading-edge security to clients in the government, financial services and commercial markets. Unisys offerings include security solutions, advanced data analytics, cloud and infrastructure services, application services and application and server software. Unisys has more than 20,000 employees serving clients around the world.

For more information: www.unisys.com/CIO-SP3
Unisys develops innovative and secure solutions for agencies across the federal government and NITAAC supports initiatives as diverse as Cloud Computing, Cyber Defense and Health IT. With ten task areas that meet scientific, health, administrative, operational, managerial, and information management requirements, CIO-SP3 has the depth and breadth of scope that complex solutions require. All task orders may be performed anywhere in the world.

Task Areas:
- Task Area 1: IT services for Biomedical Research, Health Sciences and Healthcare
- Task Area 2: Chief Information Officer (CIO) Support
- Task Area 3: Imaging
- Task Area 4: Outsourcing
- Task Area 5: IT Operations and Maintenance
- Task Area 6: Integration Services
- Task Area 7: Critical Infrastructure Protection and Information Assurance
- Task Area 8: Digital Government
- Task Area 9: Enterprise Resource Planning
- Task Area 10: Software Development

Features and Benefits
- $20 billion ceiling; 10 year ordering period with a 15 year period of performance
- Pool of 54 pre-qualified prime vendors
- Available for CONUS and OCONUS requirements
- Streamlined, easy-to-use, and secure web-based e-GOS ordering system for automated task order competition, management, awardee selection and notification
- No special “Delegation of Procurement Authority” for ordering officials is required
- No protest on orders under $10 million except on the grounds that the order increases the scope, period or maximum value of the contract
- Flexible pricing arrangements available; Fixed-Price (all types), Cost-Reimbursement (all types), Labor-Hour and Time and Materials, and Hybrid’s (of the above)
- 1-day turnaround on free, comprehensive SOW/PWS assessment for every task order, assuring quality responses
- Customized terms, conditions and labor categories can be easily added at the task order level
- No additional charge for value-added services
- NITAAC Assisted Acquisition services available

Contract Access Fee
The Contract Access Fee for this contract is .65% with a $150K cap for any task order base or optional period (not to exceed 12 months) with funding in excess of $23M.
