

## Providing Advanced Nutritional Solutions at the Origin of Food for Millions of Consumers Worldwide

### **The Business Challenge.**

Expand global leadership in animal nutrition and aquafeed.

### **The Solution.**

Digital Workplace and Infrastructure Transformation services including service desk, network services, service management and application support in 15 languages for 8,000 end users, 2 global datacenters, and 1500+ Wintel servers.

### **Results and Benefits.**

- Secured the scalable infrastructure where, among other things, nutritional and economic models use big data to optimize feed, enabling farmers to be more profitable
- Gained the ability to deliver the same, high quality IT services across 35 (and growing) countries and more than a dozen languages
- Enabled smooth onboarding of acquired companies in countries where there was no previous company presence

“As a growing, global company we rely on Unisys to be agile in supporting our evolving business needs. They provide secure IT infrastructure and support services that enable us to improve the profitability of Nutreco and our customers.”

**Henry van de Ven**  
CIO, Nutreco
