

Ensuring a Positive Experience When Booking and Checking-In for Flights

The Business Challenge.

Streamline the air travel reservation, ticketing and check-in experience for tens of millions of passengers per year within and across continents.

The Solution.

Deployment of the Unisys suite of Passenger Services applications on Unisys ClearPath Forward® IT platforms plus associated support to process core passenger services.

Results and Benefits.

- Excellent services availability and response times that significantly contributed to continuously increasing passenger satisfaction
- Superior solution flexibility and platform interconnectivity guaranteed a successful transition into today's world of digital business

“As a leading provider of efficient passenger reservation, ticking and check-in services we count on our systems to run non-stop. Unisys ClearPath Forward systems, applications and services enable us to provide high quality service, stability, and availability 24x7x365. This latest generation of platforms extends our decades of reliance on Unisys to ensure a positive passenger experience.”
