

Delivering Reliable, Secure Banking Services Across Australia

The Business Challenge.

Provide a superior and unique banking experience for both customers and the wider community.

The Solution.

Unisys Security Solutions, including TrustCheck™ cybersecurity consulting services to analyze, understand and improve the bank's current security posture spanning networks, data, systems, processes and policies.

Results and Benefits.

- Enhanced customer trust and confidence in bank services
- Achieved the ability to proactively protect customer information from malicious and accidental breaches
- Gained a strong security strategy, agile processes and employee education program to address current and emerging vulnerabilities

“Customers expect their bank to protect their personal data from falling into the wrong hands. We are working with Unisys to take a holistic approach to both security policy development and execution.”
